### **BE AN INSTRUCTOR**

Take your expertise to a wider audience through our online learning platform - ijaipuria

### **BE OUR RECRUITMENT PARTNER**

Choose your future leaders from our pool of industry ready professionals

# LEADING CHANGE WITH YOU

The world has re-emphasised the need for greater social, emotional, technological and cognitive skills to help companies leverage their competitive advantage.

With continuous change reinventing the nature of work and multiplying the complexity of your organization, your challenge as a recruiter is only growing. Today more than ever, it is these specific skills over a specific role that you are looking for in your next hire. We understand.

At Jaipuria, 'change' is a norm and our dreamers and changemakers are chiseled with skills that are and will shape the business world with agility and willingness to learn.

At the BE-school, as we transform young talent to lead an ever changing world, we invite you to partner with us to transform the industry and impact communities beyond business.

I am proud to present 2000+ innovative, growth-minded and change ready Jaipurians who are committed to learn and grow everyday.

I look forward to a very enriching association with you to make change for good.

At Jaipuria we are committed to curating careers; while respecting student choices. Our holistic and experiential learning based curriculum is deeply enriched by industry inputs in each course of study. We are proud to prepare employees and entrepreneurs of the future, who are professionally committed, socially responsive and ethically grounded. While our rich curriculum lays the foundation of knowledge and skills necessary to perform, the mentorship enabled IDP program shapes attitudes and world view of young Jaipurians. I welcome you for a high impact placement season for batch 2021-23.

**Dr. Kavita Pathak**  
Director,  
Jaipuria Lucknow

Our mission is to provide learner-centric education that focuses on developing learners as competent, ethical, and socially conscious management professionals. Students are well groomed to apply the modern data analytics with new age tools of artificial intelligence, critical and design thinking. The campus ecosystem also promotes students to think and act like an entrepreneur to facilitate innovation and inventions in products and processes. The problem-solving attitude is embedded in all the courses to facilitate a better understanding of the existing situations. We are delighted to present before you a talented young and dynamic pool of future managers for corporate placements.

We at Jaipuria believe in the power of innovation and curiosity. We are constantly exploring new ideas and solutions that lead to a better tomorrow. This is evident in our students as well who have demonstrated their potential and passion amidst unprecedented challenges. We invite you to engage with them in their journey towards becoming tomorrow's leaders since they are trained to meet today as well as future demand.

Welcome to the recruitment session of 2022-23.

**Dr. Prabhat Pankaj**  
Director,  
Jaipuria Jaipur

Jaipuria focuses on providing training that is in line with industry requirements to ensure that organizations hire students who are ready to take on a job with confidence and the right skills. Mentorship is an essential aspect of our ecosystem to support and assist students in learning skills beyond the scope of their course structure, including activities that allow students to understand the functioning of the business ecosystem. We look forward to partners coming together with us to meet our talented pool of students.
