Transformed
and ready
for change

Year 2020 has been a year of unprecedented change and immense relearning across the globe. At Jaipuria, this year is of particular significance because it marks 25 years of our journey as a learning legacy. As we stand at the new normal, ready to unlock India and our new possibilities, we do so with a firm conviction in our ability, agility, adaptability as well as our resilience and innovative thinking.

For more than 2 decades, learners at the BE school have been continuously chiselled and challenged in the rigours of a dynamic curriculum. They have been tested on the ground and transformed for a changing economy, industry and future.

Jaipurians have been prepared to be more than management aspirants, to become changemakers and change managers. The current crisis has amply tested this preparedness at every level. Our smooth transition to the new normal, our new models of internship in the absence of physical mentoring and our ready skills, knowledge and attitude for a complex world are all but a testament to this transformational journey of 25 years.

Unprecedented is not just a word. It is alive, keeping us thinking on our feet and ready to take the ball running. We are not playing it safe, but taking risks, turning challenges to opportunities for more.

I am certain that in this uncertainty, you will be able to find a good fit not only for your organisation, but also for change that is inevitable and above all, welcome.

It is my privilege to present the batch of 2019-2021 that has been made by change to change and grow. I am sure you will find what you have been searching for.

SHARAD JAIPURIA

Chairman - Jaipuria Institute of Management
Ginni International Limited | Seth M.R. Jaipuria Schools

CELEBRATING 25 YEARS OF CHANGE AND GROWTH

For more than 2 decades, Jaipuria Institute has nurtured young minds to think critically, innovate fearlessly, learn joyfully and lead with passion.

As India rises again, amidst unprecedented changes, it is risk-takers, ready learners and quick thinkers who will lead the way. More than ever now, we need managers for a new India. At Jaipuria, we are proud to groom brave and visionary managers to unleash new possibilities for India.

CHALLENGES, CHALLENGED AND TRANSFORMED

Online with the new

While the classes were held online, students did not miss the learning experience that is the hallmark of Jaipuria. Our ready IT support enabled a culture of learning uninterrupted by the pandemic. 'Impartus Lecture Capture System' installed in classrooms ensured recording of lectures, which was accessed by students online. It also supported live streaming from home for large classes with discussion forums. The Zoom platform was also used by faculty for conducting classes from home. Assessments were shifted to online mode. In order to offer an uninterrupted and safe learning experience we purchased 85 individual licenses from zoom for the faculty to deliver to up to 500 participants each.

SKILLING AND RE-SKILLING FOR THE NEW

What is noteworthy is that during the ongoing lockdown, the institute introduced summer interns who did not receive work from home internships from companies, wherein students were guided with alumni and industry mentors

to create a practical learning experience. This promising initiative yielded results with students successfully managing to bag PPO from leading companies.

PROJECTS UNDER HOME SIP

COMPANY NAME

PROJECT TITLE

Timex	Exploratory study to increase the social media presence of Timex
Panasonic	Strategy formulation to capture potential market for panasonic mirrorless optics
Whirlpool	Should Whirlpool rethink its positioning strategies
Hindustan Uniliver	Factors affecting customer buying behaviour towards personal goods in reference to soaps.
ITC	Leveraging new online opportunities for Savlon product specially for chemist channels in pandemic
Tata Chemicals	Develop the B2B channel for Tata Salt and Spices, focusing small and medium enterprises for selected industries.

UNLOCKING POTENTIAL WITH CONFIDENCE

The traditional engagement models, learning and development opportunities were swiftly adapted to new realities at Jaipuria. This resulted in remarkable pre placement offers and placements across the industries amidst pandemic.

SMIKSHA SHARMA

Interned at Deloitte with PPO

I am grateful to the Institutes for making sincere efforts and helping me to kick start my internship in online mode. I worked upon various tasks, assignments, training sessions etc. and hard work paid off when PPO was announced. Can't wait to start my journey with Deloitte.

I was working with OYO Life as a Sales Intern. I was responsible for interacting with various stakeholders like channel partners, customers, prospects and the property managers. Though the situation was challenging, I converted a few clients for OYO Life during the internship.

Md. MOIZ ALI

Interned with OYO

My Profile was Intern- Commercial Lending Appraisal. In the initial days, I was trained on various training modules related to POSH, Code of Business Ethics & Conduct, and Emergency Response Awareness Program. The internship started physically but soon it was shifted to Online Mode due to COVID. My growth here fostered due to the positive and uplifting work culture in the company which I am extremely grateful for. The experience has added immensely to my learning curve.

JYOTI JANGID

Interned with WNS Global

My SIP titled "To propose for ways and means in order to increase the productivity of Dhanush and also a tracking mechanism for better control for TL and Outlet sync" was very well designed, even I was working from home. I was able to understand the structure of the organisation and the working of the convenience channel. Overall, it was a wonderful experience during COVID time.

SAURABH SINGH

Interned with ITC

This project gave me field exposure of more than 25 days in a tenure of 45 days during this pandemic. I faced many problems which was been resolved by the team and a constant support was provided with some extra corporate knowledge like how corporate actually functions, how to convert the sales, how to plan for the future, how to read the competition etc.

SASHANK SHEKHAR

Interned with Asian Paints

TANYA SINGH

Interned with Emami Agrotech

My virtual internship opportunity titled “HBC-Team/Trade Satisfaction Study and Suggest ways to improve them.” wherein I had to study the stakeholder’s requirement, their needs, and parameters of satisfaction. In this project, I did the market research, rigorous data analysis , as well as field visit with the sales team. This internship given me an opportunity to learn all these professional skills which will help me exceling in my career ahead.

At Lagozon Technologies, internship was conducted completely in virtual mode. Tasks were assigned and tracked using channels in MS Teams. Interns were quickly able to adapt to the corporate way of working. The quality of submitted report exceeded stakeholder expectations and management was appreciative of the work done by Management interns from Jaipuria.

SUMMER INTERNSHIP

In a first-of-its kind effort, Jaipuria Institute of Management introduced in-house Summer Internship Programmes (SIP) for its students in order to deal with the unprecedented situation created by the Covid crisis. In-house SIP projects were applicable to students who could not receive work from home (WFH) projects from the companies for their internship. While designing projects, the emphasis was on highlighting the practical implications and relevance for the industry. Industry mentors were allocated. While the interim assessments were conducted by faculty mentors, the final evaluation were done by a panel comprising faculty and industry resource persons.

READY FOR THE INDUSTRY, BY THE INDUSTRY

Industry partnered programs at Jaipuria immerse our learners in new knowledge and skills, further grooming them for real impact in the changing business scenario.

The IBM, CBDT Business Analytics Lab focuses on skill building for data analysis. This is a 32-hour course on Descriptive, Predictive, Cognitive and Big Data Analysis.

The Lean Six Sigma Program focuses on structured problem solving and building a culture of process excellence to achieve the organizational objective of operational transformation. This is a 32-hour contact program designed with adaptive learning methodology. It orients students towards fact based decision making, use of data to draw business conclusions, analyze current trends and metrics for their practical use, conduct in-depth analysis and innovate for performance improvement.

Specialized Course in Financial Market in association with BSE

This Abridged Course in Financial Market (ACFM) provides participants an unprecedented and unique opportunity to learn comprehensive, current theories and practices that enable them to navigate efficiently and effectively in this complex dynamic environment. The curriculum is in line with the industry trends and regulatory guidelines and global best practices. A combination of lively case study discussions, learning through doing, presentations and theoretical learning form the core of this blended learning approach.

Simulation activities like live trading, application of technical analysis charts, simulation-based portfolio management, stock market games are an integral part.

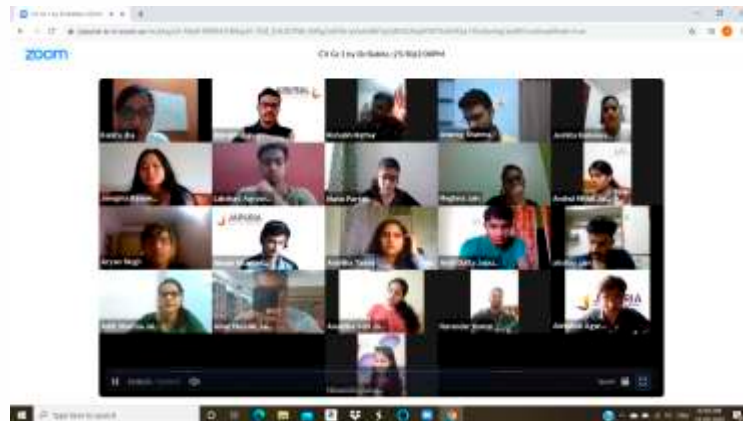

Jaipurians move forward to be Corporate Ready. Covid situation has trained 19-21 batch to “Work from Home”, independently researching problems for Summer Assignment, carrying out jobs independently assigned from industry online, effectively participating in online meetings and online education that requires a higher amount of self- motivation.

MENTORED TO BE MORE BY 110+ KNOWLEDGE MAKERS

Industry experts and academics at Jaipuria play an instrumental role in shaping learners for change.

It is their astute research focus and deep industry knowledge that keeps them at the forefront of building new perspectives and paradigms.

The institute has highly accomplished, well qualified faculty with a mix of research orientation and industry experience. Students are groomed in a way that they develop a passion for lifelong learning and prove their mettle in the business world. I am confident that you will find each one of them to be a worthy asset.

COVID 19 as a phenomenon is open to multi-pronged interpretations. At Jaipuria Institute we approached it proactively. We organized an e-convocation with the home minister GOI as chief guest. With an offbeat approach we developed an end to end internship, coupled with industry expert evaluation and alumni mentorship. We have a batch on course and ready to take on the challenges as they come.

BEGINNING THEIR STINT WITH GLOBAL EXPOSURE

International knowledge partnerships have complemented Jaipurians' skill sets and knowledge base. These exchange programs facilitate global understanding of the business and exposes learners to best business practices.

- Ara Institute of Canterbury, New Zealand
- Christchurch Polytechnic of Technology, Christchurch, New Zealand
- Eastern Mennonite University, United States
- Faculty of Business and Law, University of Newcastle, Australia
- Jonkoping International Business School, Jonkoping University, Sweden
- Kainan University, Taiwan
- Regenesys Business School, Johannesburg, South Africa
- Rennes School of Business, France
- Skyline University College, Sharajah, UAE
- Universities of Applied Sciences in Finland (Finnish National Network for East and Southeast Asia)
- Unitech Institute of Technology Auckland, New Zealand
- Royal Institute of Management, Bhutan
- European International College, Abu Dhabi
- Satakunta University of Applied Sciences, Finland
- ICS Paris Business School, France
- Weltech and Whiteria, New Zealand

The learning at Jaipuria throughout been industry relevant. I don't recall any of our subject classes were ever theory driven, once the basic concept was delivered, it was always backed by relevant case studies and industry related situations. The best part about the institute is the number of opportunities it aids you with. With 05 different internships (04 nationally and 01 international).
