

A man with a beard, wearing a black button-down shirt and black trousers, stands in the foreground on the left. He is looking down at a smartphone held in his right hand. He is wearing black sneakers with yellow accents.

A group of people, including several women in white lab coats and face masks, are standing in a line in the middle ground. They appear to be waiting or participating in an activity. In the background, more people are seated at tables, some working on laptops. The room has white brick walls, large windows, and a decorative ceiling with blue and gold elements.
