

Tree Plantation with HCL

"Someone's sitting in the shade today because someone planted a tree a long time ago."

The purpose of tree plantation is to save the endangered environment and to beautify our life. Trees are valuable gifts of nature. They are known as the best friends of human beings and not only have they benefited us in various ways but also the main source of life existence in the world. **DISHA- Ray of hope**, the CSR committee of **Jaipuria Institute of Management, Noida** pledged to contribute their part to make mother Earth green once again. The team is promoting more and more plant of the trees in and out of the campus and further joined hands with HCL to plant more trees.

The volunteers went to HCL@42 PLANT FOR LIFE mega plantation drive initiated by HCL foundation at Sorkha Upvan, which had an aim to plant 5000 saplings. volunteers planted near about 50 saplings with great enthusiasm. Students met Swami Prem Parivartan who is the founder of Give Me Trees foundation and shared knowledge about his life journey of planting 12 million. Student also met different school kids who took part in this mega drive and told them the importance of trees.

Trees are the foremost source for producing the oxygen in the environment; they help to reduce the level of CO₂. As we, all know that the whole world is facing the problem of global warming and to recover from such a problem planting the trees is become one of the most important aspect today.
