Business Analytics rations Management tute of Management tor 62, Noide, India. - 0120-4638300-301 Panel discussion in online conclave on "New Trends in Data and Analytics" was organised at Jaipuria Institute of Management Noida on Saturday, 3rd October 2020 at 10:00 AM to 12:15 PM. Various industry and academic expert in this area, Dr. Tuhin Chatopadhyaya, Founder and CEO, Tuhin AI Advisory, Mr. S. Ramasamy, ex-Advisor (Information Systems), Indian Oil Corporation Ltd, Ms. Damayanti Bandopadhyay, Assistant Director, Ernst and Young, Mr. Malay Sankar Barik, Senior Software Engineering Manager at Adobe Systems Inc., Mr. Arijit Chowdhury. CEO, KSG Information System Private Limited, participated in this panel discussion.

This conclave brought the ideas and thought processes of practicing managers at a common platform. In this globally competitive environment the role of analytics in solving business problems has increased manifold in recent years and has become a competitive strategy for many companies. To know more than what – to stay competitive they must be able to answer the hard questions of why, what if, and what next. To deliver great analytics insight about the whole system, measure the right things, find and communicate the right answers to critical business questions. This conclave will touch upon smart move to pick up on evolving trends that would assist in modernizing and growing business. Main points of discussion were related to the factors transforming data and analytics in recent years, future of data and analytics, most significant emerging trends in data and analytics and different challenges and opportunities in data and analytics.

Vote of thanks by Dr. Keshav Kumar Sharma
