Questionario-Quiz Competition

"Questions are the engines of intellect, the cerebral machines which convert energy to motion, and curiosity to a controlled inquiry." - David Hackett Fischer

The above thoughts were in sync with the quiz competition event "**Questionario**" organized by the **Research and Publications committee "Shodh"** at **Jaipuria Institute of Management, Noida**, on the 19th of November 2019. The idea was to help students showcase their talent and encourage bright minds to focus on their sharp memory skill by putting their grey cells at work.

The event saw a participation of 7 teams comprising of two members each. The participants were filled with enthusiasm, and a healthy competitive spirit prevailed. The event was graced by the presence of honourable judges **Dr. Ashwani Kumar and Dr. Shalini Srivastava**.

A quiz was conducted in three rounds, the first round comprised of a test of the statistical knowledge of participants, following which six teams were selected for the next round. The second round was to test the general understanding of the participants, following which four teams proceeded to the next round – it was quite exciting to see participants giving prompt answers to the questions being put up. The final round was conducted testing the knowledge of the participants about the logos and CEOs of various companies. The final round ended in a tie between the two teams.

The results were soon announced after the third round, and a cash prize of 5000/- INR was awarded to the winners. The winning team members of **Team 5 were Aditya Saha & Avishek Kumar. Along with Team 5, Team 7 comprising of Abhishek Singh & Kratika Garg also received the award.**

This event was aimed at encouraging not just the sharpness of the students' mind but also their presence of mind. The quiz brought to light, the fact that students grasped their concepts well and were moving in the right direction, of becoming efficient managers in the future. The entire event proved to be a great success.
