3rd Day of **Dr. Poonam Sharma's** Dubai visit was at the **University of Wollongong** where she met **Prof. Barry O' Mahoney, Dean Faculty of Business** and **Prof. Ali Bhayani, Faculty of Business**. She took a **guest session** on the topic '**Product Adaptation**' with reference to **Indian Market** at the University of Wollongong which was immensely attended and highly appreciated by the students. She further elaborated the topic exemplifying the relevance of Product Adaptation with respect to a culturally diversified market.

The meeting proceeded with a discussion about **summer programs, faculty exchanges and collaborations in detail**. On their discussion on collaborating for summer programs, they asked to share a similar proposal that we had designed for the Rutgers for Summer program that can be initiated in **July- Aug'18**. However, this needs to be discussed with the colleagues of **Marketing Department** for further confirmation at their end as they were keen for summer program collaboration with us. They expressed their willingness and interest for faculty exchange as well. It was elaborated by them that as of now no faculty exchange

has happened with their university, henceforth Dean has to take a call for the initiation of the same. As they are very keen on it, they assured to take promising steps in this direction. Furthermore, they have shown willingness for the conference collaboration and assured to circulate ICMAPRANE conference details among their faculty and shown interest for conference collaboration.
